

PARTENALIA

**Working Group on
e-Government and Information Society**

Modena, 7th November 2002

PARTENALIA

- ♦ Partenalia is a **Network of second level local administrations** in Europe
- ♦ Partenalia aggregates more than **15 members**
- ♦ It promotes the **co-operation** among members in different fields
- ♦ It foster the members' **participation to EU projects** and programmes

Working Group on e-Government

- *Co-ordinated by* **Diputación de Gipuzkoa** *and*
Provincia di Modena
- *Integrated by:*
 - ➔ **Diputación de Barcelona – Spain**
 - ➔ **Diputación de Castellón – Spain**
 - ➔ **Diputación de Sevilla – Spain**
 - ➔ **Conseil General du Gard – France**
 - ➔ **Departement du Nord – France**
 - ➔ **Västerbottens Läns Landsting - Sweden**

Objectives

- * To define possible **common activities or projects**
- * To identify -and organise the participation to-
international programmes
- * To stimulate the debate and **awareness** on this
issue
- * To compare and **exchange experiences** and
projects carried out by the partners of the
network

Fields of Interest

- ♦ **ICTs scenario:** *how technological change will influence the offer of services, e-government and policy decisions. Technological options.*
- ♦ **EU policy for IS:** *EU strategy; next programmes and actions, role of the local administration in the EU perspective.*
- ♦ **Local policy:** *actions and programmes for the e-Government and e-Citizens; diffusion of Information Society; new services.*

Opportunities of the Network

♦ **Exchange and Re-use:** *...not only new solutions developed in each institution or region;*

exchange of best practices/experiences and transferability

♦ **Pilot projects:** *a larger “scale” for experiencing local solutions and actions*

♦ **Awareness and up-dating:** *European policy and scenario; technological opportunities; project management*
